Information for Authors

This journal is particularly interested in articles that focus on ethical issues encountered by professionals working in organizational structures—e.g. corporations, large partnership, governmental agencies, universities. Unsolicited book reviews and information of professional interest will also be included as space permits.

Authors may submit digitized versions of their papers in WordPerfect or Word format as an attachment to an email addressed to rbaum@phil.ufl.edu. Since a blind review process will be used, the author's name should not appear on the manuscript. Because of the broadly inter-disciplinary nature of this journal, no single style (such as APA, MLA, University of Chicago) is required for all manuscripts; authors are free to use whatever style they deem to be appropriate for their work, with one exception that notes not embedded in the text should be numbered consecutively at the end of the paper rather than at the bottom of the page to which they refer. Authors are encouraged to use non-sexist language.

Every effort will be made to notify authors of the status of their manuscripts within three months of the date of submission.

Manuscripts should be sent to:
