Earlier versions of the papers in this issue by Eamonn Callan, Pauline Kleingeld, Darrel Moellendorf, Margaret Moore, and Mathias Risse were presented at the Werkmeister Conference on Cosmopolitanism, organized by the editors and held at Florida State University in Tallahassee in March 2006. The papers by Harry Brighouse, Sarah Holtman, Jon Mandle, Avery Kolers, and Aaron James had their beginnings as responses, respectively, to those presentations. The paper by Simon Caney is included in this issue as a nonparticipant paper. Thomas Pogge and Elizabeth Ashford also participated in the conference.

The editors acknowledge with thanks the support of the William H. and Lucyle T. Werkmeister Fund, and thank Werkmeister Professor Alfred R. Mele for allocating funding from this source for the conference. The editors also thank those present at the conference for their part in providing a stimulating and rewarding experience for all, and the speakers and respondents in particular for their contributions to an important issue of this journal.
