

INTRODUCTORY NOTE

The first five of these papers were selected from presentations to the Seventeenth Annual Meeting of the American Society of Christian Ethics, held in Washington, D.C., January 16-18, 1976. The sixth paper was delivered at the West Coast Section meeting of the society the previous spring. Other papers delivered at the meeting and recommended for inclusion by the Paper Selection Committee will be printed in other fora, including the Journal of Religious Ethics.

The editor of this volume is indebted to the Paper Selection Committee, to the outgoing and incoming conveners of that committee, Thomas Ogletree and William Everett III, for their help in evaluating manuscripts, and to Robert Starbuck for his assistance in the final stages of preparing this volume.

This collection of selected papers is distributed free of charge to members of the American Society of Christian Ethics. Others may order it at \$2.00 from Scholars Press.
